We like to make sure all angles are covered for your special event. Our barbacks are there to help us deliver all the goods, set up and give continued service throughout the party, not just behind the bar.

Let us create a truly unique experience for your event with one of a kind cocktails created from my twenty years of crafting beverages. All of our cocktails are inspired by and use only fresh, seasonal ingredients. This service is available as an add on to any of our existing options.

CUSTOM MOCKTAIL MENU **\$50.00 flat fee per recipe**
Everyone wants to be a part of the party and this is a great way to provide a beverage option for everyone. We make our mocktails with as much love as their boozy counterpart and only use fresh juices, house made shrubs and beautiful garnishes.

COCKTAIL TASTING **\$150.00**
Go ahead, be particular and get exactly what you want! With this option, we will work together to make the ultimate cocktail menu for your party! You tell us what you love and hate, and we show up and bring the tasting options prior to your event. Let's have a party before your party! If you contract Lo Bar for your event services, we will deduct half of this fee from your total invoice.
